

READER COVER PATTERN

Fabric = 105 cm wide x 30cm

(* coated curtain fabric works well)

1. With right side facing up fold in each end 32 cm towards the centre.
2. Now fold each end back onto itself to overlap evenly. You now have right sides facing up.

3. Now machine sew a 1 cm seam along top and bottom sides. Trim seams and turn the flaps through and insert the cardboard folder.

*(You may also like to glue a matching piece of fabric to the inside of the cardboard.)
